

**CAPABILITY · COMMUNITY & REGIONAL
MAP**

Local by design. Private by default.

Reconciliation happens in communities, not in feeds. RTR shows circles forming near you — while keeping every location at region level.

The regional map

Watch local groups take shape across the country and find the circle forming closest to you.

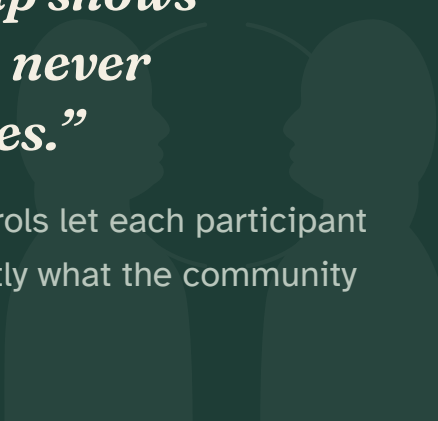

Cohort circles

Each region gathers a small cohort, seat by seat. When a circle fills, a local community is ready to walk together.

Regions, never addresses

Locations display at city and region granularity only. Precise location is visible to no one — and city detail only to facilitators.

The background of the top section features a dark teal color with rounded corners. In the center, there are faint, light-colored silhouettes of three people's heads and shoulders, facing each other in a conversational arrangement. The text is overlaid on this background.

***“The map shows
regions, never
addresses.”***

Privacy controls let each participant
decide exactly what the community
sees.

Reconciliation

THROUGH RELATIONSHIPS

The relationship is the work.

rightrelationship.ca

In partnership with Reconciliation Through Relationships, in response to the Truth and Reconciliation Commission of Canada's Calls to Action.
